

Equipment

EQUIPMENT COSTS

Description	Sub total
Twin Mastic boilers delivered to Sheffield	£21,250.00
Mini-compressor, lance, tool heater, tools, ancillary equipment, LPG/Flogas upgrade & fitting	£13,000.00
Total (ex vat)	£34,250.00

Billian will fit the above to any 10T vehicle (or larger) provided by the customer.

Note: purchased over 3 years costs approximately £50 per day

The above figures are an estimate subject to individual customer requirements

OUTPUTS:

2-man team: 30m² per day

3-man team: up to 70m² per day *

4-man team: up to 100m² per day *

OPTIONAL UPGRADE:

- **Compressor: £5,300.00 + vat** (Doosan 741G Air compressor/generator or similar. 140 CFM, 16/32 Amp 110 Volt generator)

* If opting for a 3-man or 4-man team, it is recommended you upgrade the mini-compressor to a larger, more powerful compressor that is better suited for drying larger patches when required.

Note: the 3.5T Permaniser (pictured below) is also available to hire for £650 + vat per week (includes all associated equipment)
